「咲」は、高校1年生、全国中学生麻雀大会個人戦優勝者。神童肌の打ち手で、何となく強さがある。

She won it,
as expected...

yes

Or...

She may only use it
once per day but could
it be that its power is
on the same level as
our Reservation?

But for Izumi's sake,
I wish I could find some
way to counter it
before the Kokoma.

It's no use, even if
I research all the way
back to the regional
tournament, she has
used it too few times...

No, no,
no...

Is this really
the power of
God...?

South 3
Bonus 2

We play only
one hanchari this
time and I've won
8 hands already.
That's good
but...

...because of
this last hand,
I'm back to nearly
the same score
I had before.

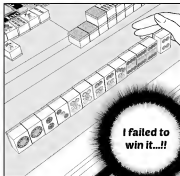

I remember winning a nice pinzu hand in the semifinal...

**Reservation
Six!!**

IF SHE WINS,
THAT MEANS
SANBAIMAN IN
THE CAPTAIN
MATCH...!!
